Do I receive a discount on dues if I pay annually instead of monthly?

Yes, dues paid on an annual basis will receive a 10% discount.

Is The Club increasing the annual dues for the 2025-2026 season?

Yes, annual dues will be increasing this coming season. Each year, The Club carefully reviews a variety of factors when determining the dues for the upcoming year. One of the most significant drivers continues to be the rising costs of labor, food, and beverages—areas directly tied to the quality of service and experience we provide.

While we also consider the dues charged by other comparable clubs in South Florida as part of our broader evaluation, our primary focus remains on sustaining the elevated standards our members expect, while continuing to expand the amenities and experiences available to you. We are committed to offering strong value and will always strive to keep dues at a reasonable level in relation to the overall member experience.

Will I receive physical billing statements in the mail?

No, in response to member preferences for digital communication and as part of our commitment to sustainability, billing statements are no longer mailed (as of November 2024). Statements are emailed to the primary member on the membership account on the first of each month and are also available anytime on The Boca Raton Club mobile app (visible to primary member on the membership account only).

Will the Club be adding a second golf course?

The Club continues to invest and improve the member experience at Golf Club and for our reciprocal programs for the golf add-on holders to include year-round and seasonal reciprocal play. Club Members' desire for a second course is understood and The Club will continue to consider all investment opportunities in the local area that add value to The Club and Club Members' experiences.

Will the Golf Course undergo a renovation this season?

Yes, The Club has engaged golf architect Brian Silva to complete a master plan reimagination of the golf course that will dramatically improve the golf experience. Silva is renowned for renovation and restoration projects of "Golden Age" courses from the early 20th Century, and he has been awarded several "Renovation of the Year" accolades from Golf Digest. More information on timing of the renovation will follow. The Club will provide more information in the coming months regarding our plan to provide golfers with alternative playing options during the reimagination.
